PROFESSIONAL SUMMARY

Dual-degree student pursuing BS in Data Science and Applications from IIT Madras and BSc (Hons) in Computer Science. Skilled in Python, SQL, and full-stack web development with hands-on project experience building real-world applications. Eager to contribute to impactful roles in Data Science, Machine Learning, and AI.

TECHNICAL SKILLS

Languages: Python, SQL (PostgreSQL), Java, C

Frameworks & Libraries: Flask, Flask-SQLAlchemy, Jinja2

Web Technologies: HTML, CSS

Tools & Platforms: Git, GitHub, Microsoft Excel (Intermediate), Adobe Photoshop

EDUCATION

BS in Data Science and Applications | Indian Institute of Technology Madras (IITM) *Expected May 2028*

BSc (Hons) in Computer Science | BB College, Kazi Nazrul University *Expected 2029*

PROJECTS

Hyperlocal Service App | Flask · Python · PostgreSQL · Jinja2 · HTML · CSS *2025*

Hackathon Project — Ranked 3rd among host college submissions in a multi-college hackathon

Project Link - https://github.com/Debjcet-Dey/local_service_app

- Built a location-based platform where users post service requests visible to providers within a 5–10 km radius, with a competitive bidding system for selecting service providers.
- Automated provider notifications with location sharing on bid acceptance; implemented service auto-archival and a post-service star-rating and review system.
- Enabled service provider profile pages, giving users visibility into provider history and ratings before making a selection.

Placement Portal Cell | Flask · Python · SQLAlchemy · Jinja2 · HTML · CSS *2026*

Course Project — MAD1, IIT Madras | Score: 94/100 | S Grade (Highest — 10 CGPA equivalent)

Project Link - https://github.com/Debjcet-Dey/Placement_Portal_Application_1

- Developed a multi-role campus placement portal (Admin, Company, Student) with role-based access control and an admin-driven company registration approval workflow.
- Built full placement drive lifecycle: companies create/edit/delete drives pending admin approval; students apply once per drive with duplicate-application prevention.
- Implemented shortlist/select/reject status tracking with real-time student notifications, admin blacklisting controls, and link-based resume viewing for recruiters.

CERTIFICATIONS

SQL (Intermediate) Certificate - [Link](#) | HackerRank *2026*

SQL (Basic) Certificate - [Link](#) | HackerRank *2026*

EXTRACURRICULAR ACTIVITIES

- Participated in a multi-college hackathon; Hyperlocal Service App ranked 3rd among all submissions from the host institution.

LANGUAGES

English: Professional Working Proficiency (Read, Write, Speak) | **Hindi:** Native / Fluent (Spoken) | **Bengali:** Native (Spoken)

HOBBIES & INTERESTS

Graphic Design & Photo Editing (Adobe Photoshop) — Freelance thumbnail designer for YouTube content creators; personal creative projects in poster design and photo manipulation.
